

- 1 Fabrik²**
Creativity Factory
 Dive into Montreal life through fun new challenges! Think, experiment, test and have fun on this creative journey where there are no bad ideas!
- 2 Nanualuk**
Northern Expedition
 Embark on an immersive, interactive quest filled with missions, learning, and discovery. With a connected object in hand, explore and collect clues then analyze and share your discoveries! A fascinating adventure filled with mystery and wonder!
- 3 Human**
You're the hero of this exhibit
 You are the result of millions of years of transformation. Discover your place along human evolution thanks to this interactive exhibition. Understand what makes us human and catch a glimpse of what we might become in the future.

- 4 Explore**
Experiment with science in all its many forms
 From inside seven large activity zones, each more fascinating than the next. Explore geometry, air, motion, light, coding, matter and water in highly interactive spaces that engage the entire body and mind.
- 5 Mini Mondo**
For children under 7
 Inside Mini Mondo, there are objects to handle, smells to take in, and just about everything to see... All that, plus so much fun! Between the town, the forest, and the river too, lies a wonderful little world just spilling with things to discover!
